

You may also **change suspension/reactivation dates** on any items by following the steps above.

? Borrowing from other libraries

If you don't find what you're looking for in our collection, we recommend visiting **Indiana University Libraries**. All residents of Indiana are entitled to a **free Borrower's Card for use in IU Libraries** ?that's almost 8 million books at the Bloomington campus alone! You can search IUCAT to see what's in IU's collection, and see their borrowing policies for more information.

Outside of IU Libraries, certain books may also be available through **Interlibrary Loan**, which allows libraries across the region to lend to one another. Our ability to borrow through Interlibrary Loan on your behalf is limited, however; please contact the Library for more information on this option.

? Recommending an Item for the Library's Collection

We're always looking for recommendations for our collection! You can request that the Library purchase more great items by completing a Suggestion for Purchase .

See related information on our Checkout & Borrowing page
